PERSONAL PROJECTS

CREATE NOTES:
- I made an web application in which the user can create the notes and also can delete.I used the React js to make my project and Firebase for databse .
- My project is live on github pages and the link is : https://roshangarg.github.io/muiProject/

Chat Web App:
- I made an chat app using the react js and firebase where the user can log in and communicate with their friends . and for the backend used the firebase and Authentication is also i did using the firebase only.
- My Project is live in github pages and here is the link : https://roshangarg.github.io/RoshhChat/

ABOUT ME

I am a type of person who completes the task on given time and quick learner and i am good at time management.
